

# CITY OF LODI COUNCIL COMMUNICATION

**AGENDA TITLE:** Approve Specifications and Authorize Advertisement for Bids for Traffic Stripes for Various City Streets 2009

**MEETING DATE:** August 5, 2009

**PREPARED BY:** Public Works Director

**RECOMMENDED ACTION:** Approve specifications and authorize advertisement for bids for Extruded Thermoplastic Traffic Stripes for Various City Streets 2009.

**BACKGROUND INFORMATION:** This project provides for repainting of traffic stripes (lane lines) on approximately 20 percent of all striped City streets.

The major difference from previous lane line work will be the use of extruded thermoplastic material instead of the sprayed thermoplastic. This product costs an estimated 12 percent more but is expected to last 40 percent longer (five years vs. three years).

A recap of the types of lane line and quantities for this project is shown below:

| <u>LANE LINES</u>      | <u>MILES</u> |
|------------------------|--------------|
| Broken White           | .77          |
| Broken Yellow          | 6.72         |
| Double Yellow          | 4.27         |
| Eight-Inch Solid White | .41          |
| Four-Inch Solid White  | 1.49         |
| Continuous Left        | .81          |
| Six-Inch Solid White   | 2.64         |
| Six-Inch Skip          | .27          |
| <b>Total Miles</b>     | <b>17.38</b> |

The specifications are on file in the Public Works Department.

**FISCAL IMPACT:** This budgeted expense will assist the Streets and Drainage Division in its continuing effort to maintain the City's lane lines for visibility and safety.

**FUNDING AVAILABLE:** The money for this project will be coming from the 2009/10 Streets Capital Improvement (Street Fund 302035 and Measure K 325035)
